# Data-Driven Decision Making

- ▶ Uses data to gain insights, identify patterns, and make evidence-based decisions.
- ▶ WYSAC's Approach
  - ▶ Archival Data Analysis
  - ▶ Stakeholder Interviews
  - ▶ Media Coverage Analysis

# HOMICIDE

Between  
2000-2020

105

Indigenous people  
were victims of  
homicide

Indigenous People Make Up

21%

Of Homicide Victims  
(2000-2020)

BUT ARE ONLY

3%

Of Wyoming's  
Population

Indigenous Homicide

8x

Higher than for  
White people

Female Indigenous  
Homicide

6x

Higher than for  
White women

# MISSING

Between 2011 and September 2020

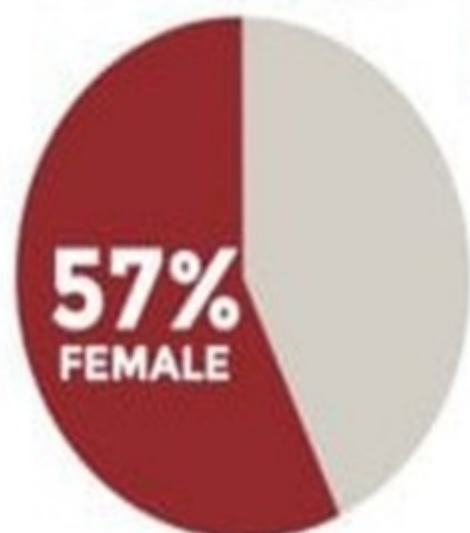

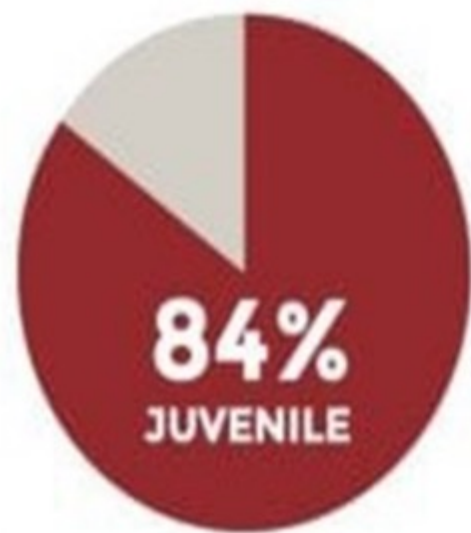

# 710

Indigenous persons were reported missing

**AND**

# 1,254

Missing persons records for Indigenous people were on file

**11%** Are found within one day

**50%** Are found within one week

**21%** Were missing for 30 or more days

Between 2011 and September 2020  
Indigenous people were listed as missing in

Currently, 10 Indigenous people are listed as missing

3 Female

7 Male

Only **30%** of Indigenous homicide victims had newspaper media coverage, as compared to **51%** of White homicide victims.

Indigenous

White

Indigenous Female

Indigenous Female victims had the least, with only **18%** coverage

### THEMES IN MEDIA PORTRAYAL OF HOMICIDE VICTIMS

Indigenous victims were more likely to have ...

- Negative character framing
- Violent language
- General location of incident
- Essentialism

White victims were more likely to have ...

- Positive character framing
- Articles focused on them
- Exact location of incident

### THEMES IN MEDIA PORTRAYAL OF MISSING PERSONS

Indigenous missing persons were more likely to have ...

- Negative character framing
- Article only after found dead
- No article while missing

White missing persons were more likely to have ...

- Articles while still missing
- Articles stating they were found safe

# Qualitative Data Collection

- ▶ Interviews with Key Stakeholders
  - ▶ Families, Law Enforcement, Service Providers
- ▶ Barriers
  - ▶ Lack of trust in the justice system
  - ▶ No single point of contact
  - ▶ Lack of information regarding investigations
- ▶ Recommendations
  - ▶ Improve data protocols
  - ▶ Indigenous advocacy/response team
  - ▶ Raise community awareness

# Improvements to Protocols and Data Systems

# Community Awareness

- ▶ MMIP Task Force
- ▶ *Who She Is* Documentary
- ▶ Coverage of the 2021 Statewide Report
- ▶ National Day of Awareness for Missing and Murdered Indigenous Women and Girls
- ▶ Missing People of Wyoming Facebook Group
- ▶ Missing Person Community Resource List

# Community-Based Participatory Research

Active collaboration between researchers and community members in all stages of the research process. It aims to address community concerns and promote social change by combining scientific inquiry with community engagement and action.

- ▶ Culturally appropriate
- ▶ Relevant
- ▶ Responsive to the needs and priorities of the community

# CBPR Key Principles

Equity and Power Sharing

Co-learning and Capacity Building

Collaborative and Participatory Approach

Contextual Relevance

Action-oriented

Sustainable

# Engaging Marginalized Populations

- ▶ Establish Trust and Build Rapport
- ▶ Recognize and Respect Community Expertise
- ▶ Address Power Imbalances
- ▶ Collaborate on Research Design
- ▶ Build Capacity
- ▶ Ensure Cultural Sensitivity
- ▶ Prioritize Ethical Considerations
- ▶ Communicate Findings Effectively
- ▶ Promote Action and Impact
- ▶ Maintain Long-Term Relationships

# Qualitative Data Collection & Analysis

- ▶ **In-Depth Interviews**

- ▶ Gathers rich narratives, provides insight into complex contributing factors

- ▶ **Focus Groups**

- ▶ Generate shared knowledge, reveal common themes, foster solidarity

- ▶ **Storytelling and Oral History**

- ▶ Indigenous knowledge and intergenerational experiences, explore historical context, cultural factors, and systemic challenges

- ▶ **Participatory Mapping**

- ▶ Visual representation to identify patterns and geographical factors

- ▶ **Thematic Analysis**

- ▶ Identify reoccurring themes, root causes, impacts, and potential solutions

# Program Evaluation

- ▶ **Assessing Program Outcomes**
  - ▶ Evaluate outcomes of programs and interventions, measure changes
- ▶ **Identifying Best Practices**
  - ▶ Identify successful program models from different communities
- ▶ **Gap Analysis**
  - ▶ Determine areas where resources, coordination, or policy improvements are needed
- ▶ **Community Needs Assessments**
  - ▶ Understand unique needs and challenges, identify contributing factors
- ▶ **Create Recommendations for Action**
  - ▶ Advocate for systemic reforms, evidence-based policy recommendations, program improvements, and resource allocations

# Survey Development

- ▶ Clear, concise, easy-to-understand questions clearly tied to your research objective
- ▶ Culturally appropriate and sensitive
- ▶ Pilot the survey
- ▶ Collaborate with partners to facilitate data collection
- ▶ Analyze the data to identify trends, patterns, and key findings
  - ▶ Disaggregate the data by gender, age, tribal affiliation, etc.
- ▶ Inform policies and Interventions

# Quantitative Data Collection & Analysis

- ▶ Establishing Baseline Data
  - ▶ Number of incidents
- ▶ Identifying Patterns and Trends
  - ▶ Common risk factors, vulnerable populations, geographic hotspots
- ▶ Assessing Disparities
  - ▶ Age, gender, ethnicity, socioeconomic factors
- ▶ Evaluating Interventions
  - ▶ Changes in reporting rates, case resolution rates, compensation claims
